DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or make obvious the step of or means for **“determining from traffic requirements associated with said access requests, a downlink portion of TDD frames used by one or more of a plurality of RF modems in said RF modem shelf to communicate with one of said first group of wireless access devices that is longest relative to a downlink portion of TDD frames used by any other of said RF modems to communicate with one of said first group of wireless access devices, and a time duration of said longest downlink portion of TDD frames”**, when such determining means is considered within the specific structure of the device recited in claims 1 and 11. The prior art of record fails to teach or make obvious the step of or means for **“frame allocation is further determined from a time duration of a guard band between said uplink portions and said downlink portions”**, when such frame allocation is considered within the specific structure of the device recited in claims 5 and 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
